
Welcome to the May 1, 2026, edition.
Here's a quick look at what's new and worth exploring this month. We've included the latest product updates, along with a few helpful reads from the Jumbula team to keep you up to date.

📱 **My Jumbula updates**

📱 **Jumbula for business updates**

💻 **Jumbula webinar series**

📝 **Jumbula blog articles**

💰 **Jumbula referral program**

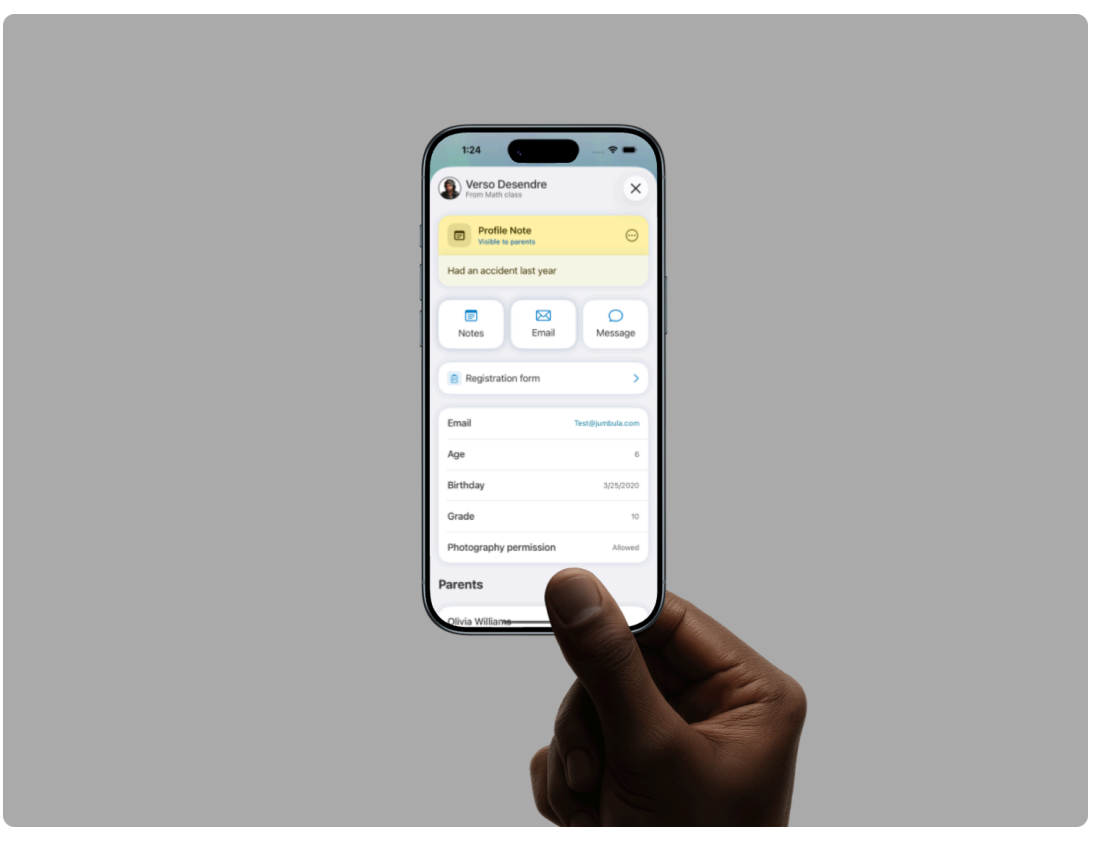
📣 Recent updates

My Jumbula updates

- The app now meets full **WCAG 2.1 AA** accessibility standards, supporting a complete range of accessibility features. Android has reached feature parity with iOS.
- Parents can now manage payments with more flexibility, and a new **Home screen notice system** highlights important updates and actions.

Jumbula for Business updates

- A new **Profile Notes** feature is available on iOS. Notes are tied to the participant (not a specific program), always visible in the profile, and can be set as staff-only or visible to parents. Each participant can have one profile note.



- Participant lists on iOS now support grouping by grade.
- Both iOS and Android now support 6-digit PIN codes.
- On iOS, addresses can be opened directly in mapping apps such as Apple Maps, Google Maps, or Waze for quick navigation.
- These iOS-specific updates will be available on Android within the next month.
